IPPC DIAGNOSTIC PROTOCOLS DRAFTING GROUPS

(INCLUDING CONTACT DETAILS OF CURRENT AUTHORS AND DIAGNOSTIC PROTOCOLS STATUS)

Last update: 2023-12-21

<u>Notes</u>

- This document presents the IPPC diagnostic protocols (DPs) drafting groups' composition, including their email addresses.
- The stage of development and priorities for the DPs are described according to the *List of topic of IPPC standards*¹. Each protocol deals with one pest species or group of species, in the following categories: Bacteria; Fungi and fungus-like organisms; Insects and mites; Nematodes; Plants; Viruses and phytoplasmas.
- Please note that this version is continually revised by the IPPC Secretariat and the discipline leads² in order to reflect to the most updated contact details available for the current authors.
